

2019 International Conference on Energy Finance (ICEF)

Energy transition and environmental challenge: market development and financialisation

18-19 May 2019, Kunming, China

International conference on energy finance (ICEF) is an annual conference organized by the China Energy Finance Network (CEFN). We are pleased to announce that Yunnan University of Finance and Economics in conjunction with *International Review of Financial Analysis*, *International Review of Economics and Finance*, *Emerging Market Finance and Trade*, *Finance Research Letters*, and *Chinese Journal of Management Science (In Chinese)* will host the 2019 two-day conference in Kunming, China.

The ICEF conferences aim to provide a platform for international scholars to share their frontier research in the subject of Energy Finance. Following the success of the inaugural conference in Beijing, we invite submissions of high quality, original researches to the 2019 ICEF. Papers to be considered include but not limit to the following topics:

- Energy market pricing
- Energy corporate finance
- Energy market systemic risk modelling
- Energy risks: assessment and modeling
- Carbon finance
- Energy and climate model
- Green finance and investment
- Energy and environment
